After a thirty year career as a Human Resources manager, consultant, and college professor, I retired and took up painting.

I am a mixed media artist. My work is typically multi-layered with collaged elements, heavily textured, brightly colored, and non-representational.

Ancient and distant cultures have always intrigued me. Consequently, I enjoy creating ethnographic works of art in which text and other cultural symbols are embedded in my visual compositions in an effort to make meaning and allow each piece to speak a language all its own.
